Introducing the GUESS Eyewear Spring/Summer 2019 Collection

The sunglass and eyeglass models from the new GUESS Spring/Summer 2019 collection are the ultimate expression for one of the most famous lifestyle brands in the world. Each stylish offering, both for men and women, was designed to be easy-to-wear and to meet every need.

The fierce frames feature a young, sexy allure with an all-new design that celebrates femininity with a hint of sensuality. Iconic details, such as the triangle logo, embellish the temples, reinforcing the brand's identity. Bright, vivid colors paired with animal prints or glitter details complete the bold eyewear collection. Incorporated along with more classic masculine styles are modern, trendy shapes for the contemporary man.

Oversized square frames or minimal cat-eye and rectangular shapes are showcased alongside vintage-inspired pilots or rounded models. The "rock & rose" pattern, a design detail on GUESS bags, is also featured on the new collection's sunglasses, embellishing the temples and adding that extra touch of sophistication.
