

TOM FORD EYEWEAR

FOR IMMEDIATE RELEASE

SPRING / SUMMER 2021 TOM FORD EYEWEAR

The new Spring / Summer 2021 TOM FORD eyewear collection focuses on shapes inspired by the 1950s and 1970s, highlighting bold and clean-cut volumes with styles characterized by fine combinations of acetate and metal, making the eyewear unique and instantly recognizable. The new line features iconic details and concepts, such as the 'T' metal logo on the front panel, the famous infinity symbol, as well as bestselling designs in new color palettes, reflecting the latest fashion trends.

The new styles are inspired by two specific concepts: *Refined minimalism*; concentrating on essential designs, timeless shapes and premium materials and *Precious combinations*; featuring unique mixes of acetate and metal, technological innovation and unexpected design solutions.

The optical collection includes ready-to-wear glasses with Blue Block lenses, preventing and reducing eye strain caused by prolonged exposure to blue light emitted from digital devices. These specialty lenses enhance visual comfort while completing the look as a distinctive fashion accessory. The optical frames mimic the sunglasses styles with similar details, shapes and the brand's timeless elegance.

SUNGLASS COLLECTION

FT0813 - Caleb

An elegant square shape with the 'T' metal logo on the front and slim metal temples made from a fine mix of acetate and titanium that lends character and uniqueness to the frame.

FT0817 - Dario

An easy-to-wear squared style characterized by bold profiles and an essential design. The frame is embellished with a key bridge that adds unexpected detail. The iconic 'T' logo and thick temples are color matched with the front.

FT0818 - Holden

A softly rounded pilot shape with the iconic infinity detail on the front and a metal brow bar enriched with an acetate sweat guard running along the upper profile. The combination of detail creates a fine interplay of cut-outs on the front and along the temples. This style also features the iconic 'T' metal logo on the temples, acetate tips, adjustable nose pads and a lightweight structure.

FT0821 - Kira

An oversize cat-eye acetate style with a vintage flair personalized by the iconic 'T' logo on the front and elegant slim temples. A Made in Italy piece conveying a glamorous allure.

TOM FORD EYEWEAR

FOR IMMEDIATE RELEASE

FT0822 - Dasha

An oversize squared acetate style characterized by slim temples adding an edgy touch. The iconic 'T' logo adorns the front of these glasses. Made in Italy, for a glamorous allure.

FT0826 - Declan

A softly rounded silhouette enhanced by a double bridge that lends character to the front. Adjustable nose pads and the iconic high-relief 'T' logo on the slim temples. A Made in Italy piece entirely constructed of metal.

FT0837 - Lyle

A square shape defined by thick profiles and lenses in contrasting colors within the frame. The iconic 'T' logo in slim and lightweight metal and thick temples complement the design.

FT0882 - Neughman

This ADV style is a modern take on a vintage design. The oversize rounded pilot frame, entirely made from acetate, and the double bridge on the front and side spoilers evoke the 1970s and delivers maximum comfort. The style is completed with the Iconic 'T' logo and sleek tapered temples.

FT0840 - Sofi

An oversize squared shield design characterized by a smart combination of metal and acetate gives character and personality to the frame. The semi-rimless silhouette features adjustable nose pads and slim temples ensuring an extremely lightweight feel.

FT0841 - Brandy

A thin and lightweight navigator style with a full metal construction enhanced by an acetate sheath on the front rims. Oversize proportions, a double bridge on the front that creates a unique cut-out effect, and adjustable nose pads accentuate the style's detail. Ultra-slim temples with the recognizable 'T' logo complement the frame.

FT0842 - Nickie

An ultra-feminine oversize rounded silhouette bearing the iconic infinity detail formed by a single-line structure on the front. Adjustable nose pads and the high-relief 'T' logo on the slim temples finalize the style.

FT0846 - Poppy-02

A glamorous cat-eye shape with squared profiles for a feminine vintage-inspired look. The frame is defined by a full acetate structure and by the 'T' metal logo on the front. Elegant slim temples complement the style.

SPRING / SUMMER 2021 TOM FORD EYEWEAR

OPTICAL COLLECTION

FT0847 - Renee

An ADV style with bold and oversize squared volumes characterized by a remarkable acetate structure that gives character and personality to the wearer. Iconic 'T' logo on the front and thick temples with sharp profiles.

FT0769

This ADV style is a contemporary take on the classic pilot shape. The injection-molded construction features bold high-relief profiles that give character to the frame. Iconic 'T' logo on the front that runs along the tapered temples.

FT5682-B

Men's squared acetate glasses with lightweight profiles that comes with a clip-on, to add that extra touch of character in a snap. The iconic 'T' logo on the front and elegant slim temples complement the style. Available with blue block lenses.

FT5685-B

A stylish and delicate butterfly shape made from a fine combination of metal and acetate that ensures an extremely lightweight feel. A minimalist design, slim temples, the iconic 'T' metal logo on the front and adjustable nose pads. Available with blue block lenses.

FT5689-B

A modern take on a vintage design. This oversize geometric acetate frame with squared profiles conveys a retro allure and features the iconic 'T' logo on the front and elegant slim temples. The style comes with a clip-on, to add that extra touch of character in a snap. Available with blue block lenses.

FT5690-B

An easy-to-wear slightly rounded acetate frame. The glasses come with a clip-on, allowing you to change your look with a click. The iconic 'T' logo on the front and elegant slim temples complement the design. Available with blue block lenses.

FT5692-B

An ultra-slim pilot shape entirely made from metal and characterized by an unconventional bridge that adds style and elegance but without excess. Ultra-slim temples decorated with the iconic 'T' logo and adjustable nose pads for a perfect fit.

FT5698-B

A softly rounded silhouette with a retro flair defined by a key bridge and the iconic 'T' logo on the front. An easy-to-wear style that is perfect for any occasion.
